PUT THE CHALLENGE TO THE TEST!

THE POWER OF PASSIVE INCOME

WOWWII's business opportunity is one of the most powerful income-generating compensation plans in the direct sales industries. The opportunity to earn passive income (residual commission) is the long term goal of every WOWWII IBO. This is generated when IBO's directly enroll customers and other IBOs who do the same. The example below is for illustration purposes only.

You join as an IBO. You enroll 2 other IBOs who each enroll 2 IBOs who each enroll 2 customers.

7 IBOs + 8 Customers	15	EXAMPLE: If you achieve 50%, the royalties will be \$65,520 If you achieve 25%, the royalties will be \$32,760
X 3 Doing the Same	45	
X 3 Doing the Same	135	
X 3 Doing the Same	1,215	
X 3 Doing the Same	3,645	
Total IBOs and Customers	5,460	
X Average Payout	2	
Profit for the Month	\$10,920	
X 12 Months	\$131,040

The bonuses are paid through the perspective levels up to 40%. Earn the difference between your personally sponsored IBO and the advance level IBO.

Example: If a Presidential IBO sponsors a new Associate IBO, the Presidential IBO earns 20% (the difference between his 35% retail profit and the new Associate’s 15% retail profit). If the Associate becomes a Pearl he makes 15% (see the table above).

Income is earned when customers purchase products from WOWWII’s affiliate partners’ product or services, paid per click service (PPC), paid per sale (PPS), etc. All affiliate income (country specific) commissions are paid monthly. Up to 40% is paid out to qualified Pearl IBOs and above. If an IBO qualifies as a Bronze IBO within 14 days of registration, he can qualify for a 10% affiliate commission payout (see table above). Affiliate commission payout will be made to qualified IBOs, paid out monthly, rounded up in percentage terms.

* except if qualified within 14 days or enroll with an Elite package. Please note: Affiliate Commission payout will be a maximum of 40% and based on commissions received by our Affiliates and Partners. Allow up to 90 days for payout.

TEAM COMMISSIONS: The team commission is one of the most rewarding facets of the WOWWII compensation plan. As such, IBOs are paid on the total number of sales and not on levels as long as the IBO remains active, has achieved the required PV, and has achieved the qualifying levels in his organization. An IBO may earn up to \$20K per week. To qualify for team commissions, you need to build just two teams, a left leg team and a right leg team and qualify with a minimum personal volume of 500 PV. As your team grows, the potential for earning the maximum payout grows. The team commission payout is per week.
